

Working List of Volunteer Opportunities Across Nashville

In response to a divisive election season and the subsequent uptick in incidents of hate as reported by the ADL and the Southern Poverty Law Center targeting Jews, people of color, those on the margins including the indigent, immigrants, Muslims, and the LGBT community, as well as the challenges facing the environment, many have expressed concern for our community. Unsure of what to do, of how to respond, people have expressed an interest in participating in real action, to increase kindness, to combat hate, to stand with neighbors, to build bridges, and to care for our environment.

Together, we have compiled a working list of opportunities across Nashville to engage in meaningful work and volunteering. *This list is not exhaustive*; we are blessed to live in a community with many opportunities and pathways to engage. Likewise, we recognize not everyone is worried about the same issues. Nevertheless, we feel this is a good time to get involved. An hour a week can make a real difference. In some cases, it could save a life.

Isaiah 58, which Reform Jewish congregations read on Yom Kippur morning, contains the mandate to participate actively in the life and well-being of our community. “Isn't this the fast that I have been choosing: to loose the bonds of injustice, and to untie the cords of the yoke, and to let the oppressed go free, and to break every yoke? Is it not to share your food with the hungry and to provide the poor wanderer with shelter-- when you see the naked, to clothe them, and not to turn away from your own flesh and blood?”

Coupled with the many exhortations in the Torah to care for and love the widow, the orphan and stranger, we are reminded again and again to pay attention and protect those on the margins of society, financially, through acts of love and kindness, and through upholding justice. Our Talmud later teaches us, “At a time when the community is immersed in distress, a person should not say: ‘I will go to my home and I will eat and drink, and all will be well with me.’” (Taanit 11a) Rather, we must get involved, be a source of help, aid, comfort and justice.

Volunteers may reach out to many agencies directly to get involved and schedule times to work or drop off items. Additionally, HandsOnNashville provides volunteer scheduling for various agencies around town. It is easy to click on the time/ date you wish to volunteer at any of the listed agencies.
